Prisons have many rules about what a prisoner can get in the mail, too many to list here. Generally, stickers and metal clasp envelopes are not allowed. Some now are only accepting white envelopes and paper. Some only accept two double-sided pages plus one one-sided page per mailing. Yes, it's crazy and oppressive. Keep mailings simple---just your letter and/or your zine---to increase the chance it won't get returned. Anything too extreme---e.g., violence, porn....may get rejected. I hope you'll find a few people to write to in this list. It will be going out mostly to non-prisoners because most prisoners can't write to other prisoners, but I may send it to a few prisoners on a case by case basis.

I'll be posting this in several text boxes on the Internet, as blogs, forum entries, etc., as many as I can think of, as I think of them. I encourage reposting and/or sharing by others anywhere you can that's appropriate. I will

CRIES 16

also be formatting to a Word document and converting to a paper document, which I'll send through the mail sporadically, perhaps about 100 copies. I encourage others to do the same and feel free to reformat, change font, and add any graphics you'd like. Duplicate and Distribute!

Please always use caution when contacting anyone you don't know.

Thanks in advance for any support you can give this project.
